

Mental Illness & Addictions?

It didn't just stop because of the pandemic.

How many have to o/d for people to start caring?

Want people to hear your point of view?

Sheatre needs you.

We're starting a new project about this

by, for and about youth.

We're looking for artistic submissions from folx aged 12+ to help create this project.

So...

You and your work can be a part of
a new VR performance series produced by professional artists.

Be one of those people selected to join the creative team.

No artistic experience required.

There are people who don't understand what's happening,
So let's tell them what it's like to be young and living in these times.
